

What happens to your pets if you are not there?

Regardless of how we live our lives, there are no guarantees that we will outlive our pets. In fact every year 500,000* pets are abandoned into shelters because their owner died and left no instructions... and 1/2 of them, or 250,000 are killed each year.

*2005-2006 American Pet Products Association (APPA) National Pet Owners Survey

Responsibility - Long Term Care:

Our Pet Trust is a simple way to be responsible for the long term care of your pets. You can define with certainty by whom and how your pets will be cared for.

Day to Day Benefits:

Life happens, emergencies call us away from home. Our Pet Trust provides you with a Pet Owners Manual so anyone, anytime, has all of the important information needed for the care of your pets.
